**NOTE:**

- EPP Code
- Domain should be unlock from the current registrar
- Make sure that whois privacy is deactivated
- We can process Domain transfer 1 month before expiration, this to give time on the transfer process and communication between two registrars.

>> Click “Transfer Domain mode” option.

The screenshot shows the Pangalan.com interface for a 'New Order'. At the top, there's a red header with the logo and navigation links. Below it, a progress bar shows six steps: 1. Domains, 2. Package, 3. Configuration, 4. Checkout, 5. Payment, and 6. Confirmation. The 'Domains' step is active. On the left, there's a 'Your Shopping Cart' section with options for Package, Domains, and Total (0.00). The main area is titled 'Check Domain For Registration' and contains a text input field, a dropdown menu for '.asia', and a 'Check Domain' button. Below the input field, there's a link for 'transfer domains mode' which is highlighted with a red box. A red arrow points to the 'Check Domain' button. At the bottom, there's a copyright notice: © 2014 GMO CLOUD Pte Ltd. All rights reserved.

>> Enter domain name you wish to transfer on the space, then click "Check domain"
