

## HOW TO INCREASE EMAIL DISK QUOTA

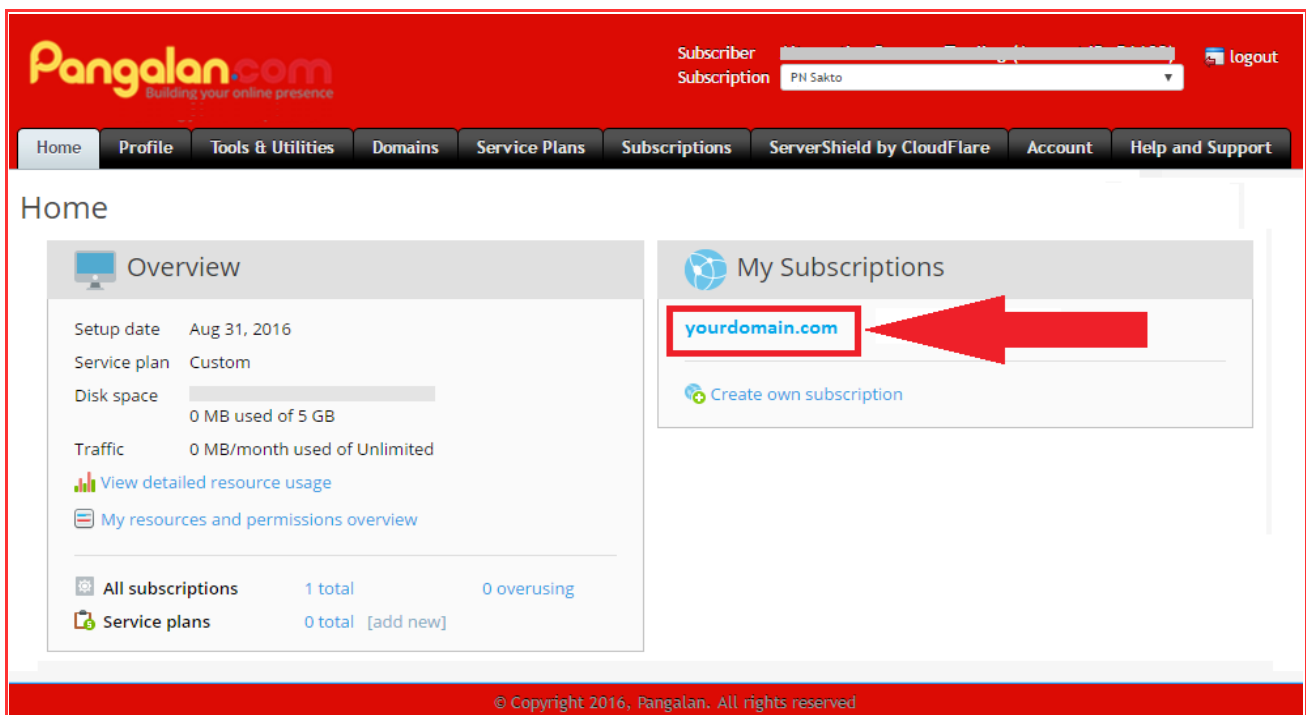

>> Open your control panel from the following link using the email address you have used upon registration and the password you have inputted.

URL: <https://mypanel.pangalan.com/cp/login.cgi>

>> Once login → Click on the **Subscription** drop down and choose **PN Sakto**

>> On the **Home** tab → Click on **Your Domain Name**

>> Click **Arrow Down** correspond to **Account** to expand

The screenshot displays the Pangalan.com control panel. At the top, there is a red header with the logo and navigation links. Below the header, a dark navigation bar contains tabs for Home, Profile, Tools & Utilities, Domains, Service Plans, Customers, Subscriptions, ServerShield by CloudFlare, Account, and Help and Support. The main content area shows the 'Subscriptions' page for 'yourdomain.com'. A sidebar on the right contains a list of services: Backup Manager, Databases, Scheduled Tasks, and ServerShield by CloudFlare. Below these are expandable menu items: Hosting, Account, Remove Subscription, Featured Applications, Additional Services, and Domains. The 'Account' menu item is circled in red, and a large red arrow points to it from the right. The main content area displays website details for 'yourdomain.com', including the website URL, IP address, system user, and various management options like Hosting Settings, Open, Preview, Suspend, and Disable. Below this, there are icons for various services such as Web Hosting Access, FTP Access, Hosting Settings, PHP Settings, Apache & nginx Settings, Presence Builder, Applications, File Manager, Web Statistics, DNS Settings, Email Addresses, Mail Settings, SSL Certificates, Password-Protected Directories, Logs, and Web Users.

>> Click **Customize**

The screenshot shows the Pangalan.com control panel interface. At the top, there is a navigation bar with the following items: Home, Profile, Tools & Utilities, Domains, Service Plans, Customers, Subscriptions, ServerShield by CloudFlare, Account, and Help and Support. The main content area is titled "yourdomain.com" and includes a sub-navigation bar with "Websites & Domains", "Mail", "Applications", "Files", "Databases", "Statistics", and "Account". Below this, there is a section for "yourdomain.com" with a description and various settings options like "Hosting Settings", "Open", "Preview", "Suspend", and "Disable". A "WordPress" logo is also visible. A grid of icons represents various management tools such as "Web Hosting Access", "FTP Access", "Hosting Settings", "PHP Settings", "Apache & nginx Settings", "Presence Builder", "Applications", "File Manager", "Web Statistics", "DNS Settings", "Email Addresses", "Mail Settings", "SSL Certificates", "Password-Protected Directories", "Logs", and "Web Users". On the right side, there is a sidebar with a "Hosting" dropdown menu, an "Account" section, and a "Remove Subscription" button. The "Account" section includes details like "Subscriber: Subscriber Name (41737-37066)", "Service plan: yourdomain.com (Locked)", and "Add-ons: —". A red box highlights the "Customize" option in the "Add-ons" section.

## Customizing Subscription yourdomain.com

This is where you change the subscription parameters beyond editing the plan with which it is associated. As soon as you apply these changes, the subscription will be locked, meaning that it will not be synced with the plan. So when the associated plan changes, the subscription parameters will remain the way you set now.

Resources Permissions Hosting Parameters PHP Settings Applications

Define the resources provided with the subscription, and policy on the resource usage.

Overuse policy

- Overuse is not allowed  
Disallow overuse of resources. A subscription is automatically suspended if the resource usage exceeds the limit values.
- Overuse of disk space and traffic is allowed  
Allow overuse of disk space and traffic. Disallow overuse of other resources.  
 Notify me by email in cases of overuse.
- Overuse is allowed (not recommended)  
Allow the subscriber to use more resources than initially provided with the subscription.  
 Notify me by email in cases of overuse.
